Today I am sharing a wonderful alien amigurumi pattern for you. I think the choice of green color while making **amigurumi** is based on a once popular video. I remember a video called the alien dance. It had become quite popular. Afterwards, **crochet doll** amigurumi patterns were started to be made. It is not possible to find many alien **doll patterns**. Especially English designs are really hard to find. I translated this pattern for you, I hope you like it. Hello dear friends. Today we are crocheting a very cute alien amigurumi. A great alien amigurumi pattern.

Panties

Cast on a chain of 52-55 sc (at your discretion, see that there is enough length to girth at the level of the expected waist), knit in pivoting rows, adding lifting loops: 1 loop in front of a row from sc and three loops in front of a row from dc.

1 P: 52 sc

2 P: 52 sc

3 P: 52 dc

4 P: 52 sc

5 P: 52 dc

And so we alternate until you are satisfied with the length. Next, sew both edges of the canvas, put it on the alien and sew the details between the legs – you get shorts. To make them fit well, you can pass a string along the top edge of the shorts and tie.

Antennas (two pieces)

Eyes

Here you can improvise: from convex to flat. In the photo, the eyes From dc to CA, before the set of loops, I made 3 lifting loops, 19 dc fit into the circle, try it, it depends on the type of yarn.
