

Hello my dears. Today I want to share a crochet amigurumi pattern that you will like very much. Actually, I will share a crocheted christmas tree pattern, but I don't know how accurate it would be to call it amigurumi. The crochet christmas tree has eyes and a nose so I think we can call it an

amigurumi toy. You can use this type of crochet toys especially for decorative purposes. You can visit the christmas patterns category for other amigurumi patterns made for Christmas.
