

We are here for you with a free amigurumi pattern on baby chicken crochet from Daria Neustroyeva. The size of the crocheted toy is about 8 cm. The author used YarnArt Jeans yarn and a 2mm hook to make such small chickens. The body and head of the toy are crocheted as a single piece. During the crocheting process, the legs and wings are

crocheted, the collar and tassel are knitted, and only the beak is sewn on it. You will also learn how to crochet a swing-shaped accessory for our chicken from the master class.

The beak and crest of the amigurumi toy also have a very stylish design. Of course, all this is accompanied by tiny feet and wings.
